Mr. Benoit Arsenault  
President and CEO  
FRE Composites,  
75 Wales Street  
St. Andre-d'Argenteuil  
Quebec Canada  
JOV 1X0

Dear Mr. Arsenault,

It is with great gratitude that we congratulate both you and your staff on all of your efforts in supplying the large volume requirement of fiberglass conduit to "Ground Zero". Your steady supply of superior quality FRE® conduit has assisted in the rebuilding of the electrical infrastructure in and around the World Trade Center.

To rebuild lower Manhattans business district and return a degree of normalcy was a matter of great urgency. FRE Composites responded to that urgency via supplying material in an expedient manner whenever needed.

We appreciate the efforts made by the entire team at FRE Composites, which met and exceeded our expectations. Needless to say, we will be pleased to discuss FRE's performance, and the performance of its products, with any of your future clients.

Yours truly,

Roy Delgado  
Purchasing Officer
